Arrangement

1. Memoirs

Form of citation

Material in the Sudan Archive is given a reference number, which is unique across the collections of papers. Usually it is not necessary to give the name of the person or organisation within which collection the item is found, although it may be convenient to do so.

The short form of citation should be GB-0033-SAD.*reference number*

Printed references should take the form: SAD.*reference number*.

To order items in the searchroom, use the collection reference code(s), derived by removing the repository code (GB-0033-), followed by the reference number. Citing the section of the finding aid is useful.

1. Memoirs

SAD.815/5/1-17 1983

Note by C.W. North comparing the training he received in his postings in Burma, Tanganyika, and the Sudan, especially in law and languages (SAD.815/5/2-8), and comparing Equatoria with Upper Burma and Tanganyika in terms of administration and material development (SAD.815/5/2-16)
