Introduction

Collection title: Catholic Family History Society Mission Register Transcripts

Reference code: GB-0298-D11

Dates of creation: 1492-2017

Extent: 87 files (labelled volumes) and 22 CD-ROMs

Repository: Ushaw College Library

Creator: Catholic Family History Society

Contents

Typed transcripts, photocopies and digitised images on CD of the registers of Roman Catholic missions in England and Wales, mostly between the 18th and 20th centuries, including births and baptisms; confirmations and First Communions; admission records to Catholic institutions; marriages; conversions; deaths and burials; memorial and monumental inscriptions, wills, and other printed material. The transcripts cover missions in most counties of England and are particularly strong for the London and Middlesex area.

About the creator

The Catholic Family History Society focuses on national Catholic archives, the Church's history and those with Catholic family history interests. The Society has regular meetings and holds an annual day conference with its AGM each October. The Society publishes the *Catholic Ancestor* journal triennially for its members which includes research carried out by its own members and articles directing readers to sources of Catholic history. It is also active in producing occasional publications available on CD. Until recently, the National Catholic Library at Farnborough held copies of the society's register transcripts which were on open access and freely available to visitors. With the closure of this Library, these transcripts were sent to Ushaw College Library, along with the archive and printed books of the Catholic National Library.
