Introduction

Collection title: Ushaw College Manuscripts
Reference code: GB-0298-UC/MS
Dates of creation: [8th century]-2000
Extent: 50 manuscripts and 15 boxes
Repository: Ushaw College Library
Language of material: English and Latin

Contents
The collection is divided into two series:
UC/MS/1-50: Medieval manuscripts, including a fragment of an eighth-century office lectionary; books of hours; missals; early copies of the medieval texts of English historians, Henry of Huntingdon and Geoffrey of Monmouth; and other liturgical works
UC/MS/51-228: The collection is extremely wide-ranging in subject matter and includes literary, theological, political, historical, legal, and educational material, maps, plans, and drawings, and sketches of people and places. There is also a large amount of correspondence, and printed material on various aspects of Catholic history and Ushaw College. There are also a series of manuscripts, mostly ephemeral, originally located in the Big Library but brought together by Dr Alastair MacGregor as a continuation of the Medieval Manuscripts sequence although a large number of manuscripts are from a later date and some are missing or transferred elsewhere. The reference number of the original manuscript number has been retained and the Big Library shelfmarks are noted where applicable

About this series
UC/MS/51-228 is an artificially created collection comprising individual manuscripts and collections too small or ephemeral to be included in the Ushaw College Papers (UC/P) or Ushaw College Administration (UC/A) series.

Provenance
UC/MS/51-228 were previously part of the Ushaw College Additional Manuscripts series

Arrangement
UC/MS/51-228: there is no specific system of arrangement. New additions to the collection will be added at the end of the catalogue.

Conditions of access
Open for consultation.

Copyright and copying
Permission to make any published use of material from the collection must be sought in advance from ushaw.library@durham.ac.uk and, where appropriate, from the copyright owner. The Library will assist where possible with identifying copyright owners, but responsibility for ensuring copyright clearance rests with the user of the material.
Finding aids
UC/MS/51-228: card catalogues exist for some collections. See individual collections for more details.

Form of citation
The form of citation should use the code GB-0298-UC/MS, or the collection name Ushaw College Additional Manuscripts, followed by the reference number.
To order items in the searchroom, use the collection reference code(s), derived by removing the repository code (GB-0298-), followed by the reference number. Citing the section of the finding aid is useful.
